

CLOTHES: T-SHIRT CUSTOMIZED WITH A FRILL

MATERIALS REQUIRED

A T-shirt and a remnant from another one, which can be of the same colour or not; scissors, pins, a sewing machine, thread, and a needle.

DEGREE OF DIFFICULTY

Medium.

APPROXIMATE TIME REQUIRED

4 hours.

LEARNING GOALS

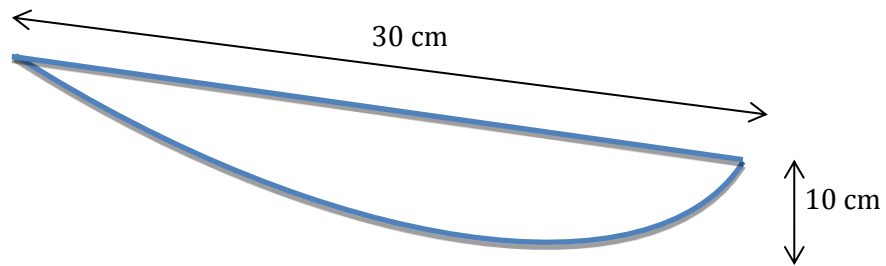

Learn how to customize a T-shirt.

ABILITIES DEVELOPED

Attention, determination, fine handling, hand-eye dexterity, creativity.

STEP-BY-STEP INSTRUCTIONS

1. Cut a triangular piece of fabric. It must have this shape more or less:

2. As you fold the piece, pin it surrounding the T-shirt neckline.
3. Now sew the frill to the T-shirt with the sewing machine. Your T-shirt will be ready!

#### TIPS

You can combine different colours, patterns or even textures. You can also add some joy using a colourfull thread.

You can tack the frill to the T-shirt after you have already pinned it to the T-shirt. If you do this, the sewing becomes much easier.
